Total Number of Systems in Violation	588+	West Virginia does not permit variances, only exemptions. <b>One exemption was granted to the City of Thomas during the 2007 calendar year.</b>
Total Number of Violations	5861	

### Discussion

Shaded areas of the chart are no applicable; there are no applicable violations for these categories.

West Virginia's State Report is available at website [www.wvdhhr.org/oehs/eed/c&e/reports.asp](http://www.wvdhhr.org/oehs/eed/c&e/reports.asp) or by contacting the EPA's Safe Drinking Water Hotline at 1-800-426-4791.

The State of West Virginia has developed an enforcement program that can issue administrative orders and levy fines, if needed, to assure compliance. Most enforcement actions are initiated because a major monitoring violation occurs when no water samples were collected or no analytical results were reported during a particular compliance period. Often enforcement is performed in conjunction with local courts and the US EPA.
